If you plan on going, let us know, if you plan on going and you don't want us to know show up and bring the following:

- Tent or RV – Got's to have a place to sleep. There's room for 3-4 RV tents as many as we have hashers.
- RRRR gear – shoes, shorts, tanktop optional for harrietts.
- Sweats for the evening. The ranch is near the ocean so will probably be cool in the evening.
- The place has plenty of space, but only two toilets and one small shower. Be prepared to wait or stay dirty. I'm sure we can hose you down.
- Your special talent – Do you sing, dance, tell dirty stories. There is power to a strobe light and "acrobatic pole" can be setup for harrietts with "Special Talents"
- A newbie – there is plenty of room for everybody so bring someone to share.
- Snacks, Beer for own and to share. Beer will be for runs but we'll probably run out so get some more.
- Ice, Ice, Ice – There is a small frig but probably not enough for all the beer and \$hit.
- This is a clay shooting facility. For a fee the owners will let you play with you penal extension. But you've got to bring your own, this is a clean establishment.
- Finally have a good time but don't die – you can't believe the paperwork when this happens.
